SALLY FIELD PLACES IN THE HEART

NOVEMBER MOVIE EXCLUSIVE

The Oscar for Best Actress went to Sally Field for her portrayal of a young widow struggling to keep her family together in 1930s Texas. The drama is also a tribute to the people of a small town, who try to survive the Depression by living together, working together and loving one another. (AS,AL,V) PG-1:51.

Raw courage, cunning, and strong will are the sole weapons for a teacher and her pupils when four masked strangers invade their isolated schoolhouse. What do the men want? Where did they come from? Rachel Ward faces terror in HBO Premiere Films' action-suspense drama set against the vast plains and magnificent mountain ranges of the Australian Outback. The lonely terrain underscores the mounting tension between captors and captives, until the riveting drama explodes in a savage climax. (AS,AL,V,BN) 1:29. Nov. 24,27 (CC)
